

# GENERAL ACCESSORIES

## The Tide Timer™

Timer is a battery operated tide clock that tells at a glance what the tide is doing. It works on moon time—24 hours and 50 minutes—not sun time—24 hours. Crafted of sparkling acrylic with a blue and white face and round red marker, the Tide Timer is 6"x 6"x 1/2" thick and can be wall hung or free standing.

No. SHL 1

our price  
**\$54.95**

## Combination Tide Timers and Regular Clocks

#16 Outdoor/Indoor

The outdoor/indoor Tide Timer stands up to anything but typhoons and hurricanes! Readable at 100'. 12" diameter.

#4 Indoor. 4-1/2" heavy gauge solid brass Tide Timer. Wall mount only.

All Tide Clocks register 6 hours/12 minutes between tides. The Tide Timer functions well on all Atlantic tidal waters; (BUT NOT THE GULF OF MEXICO) and on the Pacific coastline of North America.

## Dometic CR Series Refrigerators/Freezers

**NEW**

Each CR Series appliance is equipped with a premium Danfoss DC compressor, providing excellent cooling performance, ultra-quiet operation, and minimal power consumption whether operating on DC or AC power. During rough sea conditions, the door remains securely closed—at top and bottom—as a result of the patented double-lock mechanism. The door can be set to open to the left or right to accommodate any galley configuration.

- 12/24V DC, 110/220V AC
- Face panel is interchangeable - even while installed.
- Dual (top and bottom) locking and venting mechanism.
- Full-width, insulated freezer compartment with door

**Features:** egg tray, bottle holder, extra-large vegetable bin, and adjustable shelves and racks. Standard Models: Black Face Panel, Lack Door Surround, Black Flush Mount Flange
