# UNDERWATER LIGHTING

**GOLIGHT**

## Search Light

Remote is capable of turning the light on/off and rotating it 370° horizontally and 135° vertically. 12 volts, 400,000 candle power.

- Dash-mounted remote with 20' wiring harness
- Encased gears and motors.
- Salt water & highest UV protection available.
- Tested to meet or exceed SAE standards.
- CR5 Pentabeam Technology.
- Three Year Limited Warranty.

No. GLT 2020

## JABSCO 233SL Dual Beam Searchlight

- Powerful dual beam halogen bulb gives 200,000 candlepower
- Focus mechanism delivers true Spot/Flood capability
- Wireless searchlight control system allowing up to 4 easy-to install control stations
- Infinite motion capabilities due to 8-way touch pad directional control
- Rugged anodized & painted aluminum housing for total corrosion resistance
- Continuous rotation capabilities while eliminating slip ring corrosion.

No. ITT 602330012

## JABSCO 135SL Remote Control 100,000 C.P. Searchlight

Complete with 15' cable. Tough weather and corrosion resistant, sealed-beam halogen bulb that produces dusk-to-dawn piercing light, through 320° rotation and 75° vertical sweep.

No. ITT 600200000

our price  
**\$199<sup>99</sup>**

## ACR Remote Controlled RCL-75 Searchlight

180,000 Candela

- Surface or flush mount with remote
- Bright, powerful halogen beam w/ 3"H x 5"W beam spread, two 55 watt bulbs
- 7-wire wiring harness, 17' length
- Easy-to-install Point Pad™ – style joystick control
- Innovative "direct drive" system eliminates uncontrolled light movement in choppy conditions
- Beam angle: – 3" with 361° rotation
- Size: 8.75"H x 7.5"W x 7.5"D

No. ACR 1946

INNOVATIONS

## LED Underwater Lights

These surface mounted LED underwater lights attracts fish and adds ambiance. Made with high quality Marine grade 316 stainless steel

### Bay Lights

3.5" Dia by 5/8" high and has an amperage draw of .65A. Operates on input current between 10.5 - 14 VDC. Even with this low draw, the light produces 450 Lumens! Very powerful flood type of light pattern will illuminate up to 40-50 feet in clear water, while radiating from very close to the transom.

### Canyon Lights

Will first penetrate the water away from the transom out to about 10 feet before then forming a flood pattern up to 100 feet in clear water. The Canyon Light is a 4-5/8" Dia by 1-1/16" high and operates on input current between 10.5 - 30 VDC and has an amperage draw of 1.8A. Produces 850 Lumens! A supplied power regulator must be used.

### Multi Light

Multi colored. Three choice colors in one light, white, blue and green. Any combination of colors can be on at the same time! With a total Maximum output of 900 Lumens, The Multi Light is a 4-5/8" Dia by 1-1/16" high. Operates on input current between 10-24 VDC and has an amperage draw of 1.8A. A supplied power regulator must be used.

### Coastal Lights "Variable Intensity"

You have the ability to set the lights intensity! With a total Maximum output of 1100 Lumens. The output is varied with either 3, 6 or 9 LED's. The Coastal Light is a 4-5/8" Dia by 1-1/16" high. Operates on input current between 10-24 VDC and has an amperage draw of 1.8A. A supplied power regulator must be used.

Underwater Lighting

## Underwater Lighting

Bulbs can be changed from inside the boat while still in the water. The safety seal design prevents water intrusion if the lens is broken. Polished Bronze

### INCANDESCENT LAMP

- Interchangeable blue & green colored filters snap onto lens

Two different size options are available

- 1) Fig. 0174 - requires a 2-3/8" diameter hole
  - Multiple voltages & beam spreads available
  - Up to 800 lumen, 3000 CBCP output
  - Up to 5,000 hours average bulb life
- 2) Fig. 0175 - requires a 1-3/4" diameter hole
  - Up to 550 lumen, 1300 CBCP output
  - Up to 3,500 hours average bulb life

## Surface Mount L.E.D. Underwater Lights

- Lightweight Molded Plastic Body
- Low Draw, Long Life L.E.D. Lighting
- 12 Volt, 2W, 50 Lumens
- Projection: 1-1/4"
- Available in Single or Double Pack
- Affordable, Rugged & Reliable
- Installs Easily with 3 Screws
- Lab Rated Bulb Life: 50,000 Hrs
- Overall Diameter: 2-7/8"
