

ENGINE AND STEERING

HYDRAULIC STEERING KITS

our price
\$699⁹⁹

Hydraulic Steering Kit

Allows you all of the safety, reliability and comfort of hydraulic steering on 150HP (Total) outboard powered boats. Kits come complete with everything needed for an installation. The cylinder utilizes the factory outboard engine supplied drag link for simplified installation. For your convenience two lengths of 20' cut to fit tubing are supplied. Includes: helm pump, cylinder, tubing kit, 2 bottles of hydraulic steering fluid, and filler kit.

No. TEL HK4200A

SeaStar.

Hydraulic Steering System

The most popular outboard hydraulic steering system in the world, offering smooth, super-efficient No Feedback Steering designed for today's high performance hulls with single or multiple outboards up to 600 H.P. combined. The #1 system available today for center console, cruisers and more. The choice of leading OEM's.

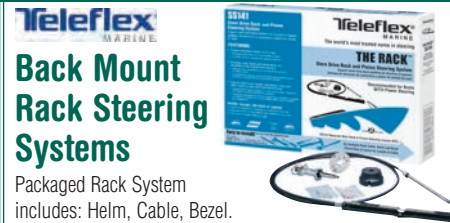

- Complete with bleeder kit and detailed instructions
- Helm, cylinder and oil, all in one kit
- Easy steering, easy to install
- Order wheel and hoses separately

\$999⁹⁹

MECHANICAL STEERING KITS

Back Mount Rack Steering Systems

Packaged Rack System includes: Helm, Cable, Bezel.

- Gives boater a feeling of total control and reliability
- The ideal replacement for most other systems
- For boats up to 24', wheels up to 16"
- Cable lengths from 11' to 20'

No. TEL SS141XX (XX = Cable length)

our price
\$169⁹⁹

SMART TABS™ Automatic Trim Tab Systems

SMART TABS use a nitrogen gas actuator to hold the plates down during acceleration and provide lift to the stern. All of this is done without the need for electric or hydraulic connection, feed holes, or manual switches.

9.5" x 10" Plates. 30, 40, 60 or 80 lb. Actuators
