SMITH

LED Lighted Post Style Boat Guides

LED Lighted top for great visibility • 40" or 60" total height
Combination amber and red light provides added safety lighting for improved visibility when trailering on the road. Light clearly marks where the trailer is behind tow vehicle when backing down a ramp in the dark. Red light faces backward. Amber light faces forward. 2" PVC tube is notched to prevent twisting. Includes wire and wire connectors and all mounting hardware for frames up to 3" wide x 4-1/4" height. Does not replace mandated trailer lights.

No.	Height	OUR PRICE
CES 27740	40"	\$99.99
CES 27760	60"	\$119.99

SPRINGFIELD

Guardian Economy Motor Support

The head bracket, a combination of aluminum and delrin, fits snugly to the contours of the motor. A locking Delrin strap mount over-the-roller mount for easy attachment to the trailer. (Bolt on). Adjust 26-3/4" – 38-3/4"
