FULTON F2 Trailer Jacks

1600 lbs. lift capacity

Precision extruded aluminum alloy inner & outer tubes, combined with twin alignment bushings, ensure a precision alignment. The anodized finish keeps the tubes virtually corrosion free. Revolutionary adjustable mount & swivel system. Engineered to be the strongest swivel mechanism in the industry, it is also the first mounting system that can be adjusted to any desired height. Integrated pull pin with ergonomic grip makes it easy to swivel into position for lifting or transport. Smooth wheel performance. Twin track 7" diameter wheels are designed to roll independently to make changing direction smooth and effortless. 5 1/2" wide wheel base adds superior stability

- 8" of mount travel
- 10" of screw travel Total 18" of overall travel
- Fits bolt on 3" and 4" tongues
- Fits weld on 3" and up
