

BILGE PUMPS AND SUPPLIES

attwood **BILGE PUMPS**

Cartridge Bilge Pumps

Made of premium materials with cool running motors, watertight seals and waterproof wiring to ensure a longer life. Motor cartridges are replaceable, so boaters can simply remove a cartridge that has reached the end of its useful life and insert another. No mounting brackets necessary.

No.	Desc.	Size	OUR PRICE
ATT 46067	500 GPH	3/4"	\$19.99
ATT 46087	800 GPH	3/4"	\$32.99
ATT 46127	1,200 GPH	1-1/8"	\$38.99

Sahara Automatic Bilge Pumps

A compact, automatic bilge pump you can count on for long-lasting performance. Sahara pumps feature an improved pump chamber and motor housing. As water flows through the pump chamber, it circulates around the pump motor housing, helping to absorb the heat given off by the operating motor. **Cool operation, durable design, and compact size.**

JOHNSON PUMP

Automatic Switch

For full automatic bilge pumping operation, connect the automatic switch to your bilge pump. This switch has a time-proven micro switch without mercury. When water exceeds the acceptable level, the pump is turned on by a rolling steel ball, which changes the pressure on the micro switch. Attaches to any Johnson Pump bilge pump through the clip on "T-slot" and can be used with 6, 12, 24 or 32 V systems.

No. JHN 26014

JOHNSON PUMP

Float Switch

As a separate accessory it is possible to attach the switch to all pumps in the L-series pumps. The switch is a non-clogging electronic float switch. 15 amp.

No. JHN 36152

JOHNSON PUMP

Ultima Switch

The Ultimate Automatic Switch
No moving parts, not effected by oils or debris. Totally sealed electronics, completely corrosion proof and ignition protected. "Mirus" field effect technology. Activates at 2" fluid level, de-activates at 3/4" fluid level. No mercury, no false starts. 20 Amp maximum, 12/24 volt. Meets and exceeds NMMA, ABYC, USCG, ISO 8846 & EMC 55014 requirements.

No. JHN 36303
